# DRIVE TO PASS BONDS BEGINS

## QUOTA FOR DALY CITY SET BELOW LAST YEAR

### Fred Bertetta To Head Campaign; Separate Drives Will Be Held

The Community Chest drive gets underway in Daly City today with the sights set on reaching the $6220 quota established for this area.

Fred Bertetta, who is heading the local drive, asked that Daly City residents who work in San Francisco bear in mind that contributions made there to the United Crusade do not accrue the local funds.

He pointed out that many people consider the Chest as a separate charity. In reality it spends no money at all, he said, explaining that money from Community Chest contributions goes to 22 separate organizations.

This year's quota is $1050 below last year's because of the difficulty of reaching the goal here in past years. This year there will be drives in separate categories.

Residential areas, headed by Mrs. Alan Mori, will strive for the largest individual sum, $2830.

Elmer Kennedy, fire chief, will head the employees contributions. The goal set for this category is $1990.

Quota set for the businesses, under the chairmanship of V. Riley, is $1360.

Dr. Robert F. Gobar will head the professional group campaign. Their goal is $40, but Dr. Gobar feels his group will be able to exceed this figure by a substantial amount.

Other divisions and their chairmen for the local Chest drive are:

Westlake, Mrs. Len Oppenheimer; Southside, Mrs. Ed Whitney; Broadmoor, Mrs. Ann Read; Sterling tract, Mrs. Forrest Fitzgerald.

Bertetta said that workers are still needed in the Crocker tract, Vista Grande and Hillside Manor. Those who wish to aid in the drive may contact him.

**BOB, THE GIANT KILLER shows the form that helped him win the State Amateur Golf championship in Pebble Beach last Sunday. Bob Silvestri, Colma tavern owner and resident of Westlake, made his grand coup on the 36th hole, the last of the contest, winning one up over two-time past champion Bruce McCormick.**

## COMMITTEE NAMED FOR BOND ISSUE CAMPAIGN

### Al Sundstrom Will Head Group; First Meeting Monday Night

Al Sundstrom, active civic worker, was appointed chairman of a committee to secure passage of the three local bond issues, at an adjourned meeting of the City Council Monday night.

He will head a steering committee working for completion of the war memorial building—$160,000—a remodeling of the water system at a cost of $390,000, and supplementary fire facilities, $173,500. Water bonds will be paid off from department revenues, while the other two are municipal bonds.

The three bond issues come before Daly City voters Oct. 28.

Sundstrom, past president of the Veterans Fire department, president of the Widow's and Orphan's association, and present secretary of the Fire department, will head a crew of nine co-chairmen campaigning for passage of the bonds.

**Following what promises to be an abbreviated meeting this Monday night, the City Council will convene with members of the group working for passage of the bonds and outline plans for the campaign. The Council will not meet on the 13th because of a League of Cities convention to be held at that time.**

Co-chairmen are: Elmer Kennedy, fire; A. J. Bodien, water; Ann Ingersoll, PTA, Walter Rector, American Legion; Arnold Panella, Veterans of Foreign Wars; George Pingry, recreation; Joe Lewkowitz, business; Sanford Vickers, neighborhood associations; Hilda Heagney, girl and boy scouts.

Each co-chairman has been delegated a number of organizations to contact and work with in the efforts to impress on Daly City residents the necessity of passing the issues.

## DALY CITY PIONEER DIES IN ALAMEDA; VETERAN FIREMEN ATTEND FINAL RITES

One of the few remaining Daly City pioneers, Thomas P. Moran, passed away in Alameda last week.

Moran, his wife, and four children moved from San Francisco in 1909 to the agrarian area known then as West End Homestead, on what was then Henrietta street, now Acton.

**Hustle and Bustle**

The newcomer was caught up in the bustle of the area which was outgrowing its rural anonymity and was striving to become an organized community. Moran worked enthusiastically for incorporation of Daly City and saw it become a reality only two years after his arrival here.

He was elected to the Board of Trustees in 1914 at a time when 300 votes was a landslide and city expenditures were colossal if they hit $400 a month.

Jobs to be done in transforming the area into a city were many and the city fathers regularly spent as many as three nights a week in meetings.

As Arthur J. Bodien, Water department superintendent, and a contemporary of Moran's on the council in 1914, says, "He was instrumental in helping to bring about the installation of electricity, sewers, street paving and municipal water to the community."

**Served 11 Years**

In all "Tommy," as he was called by the old-timers, resided here for 21 years. He was re-elected to the Board of Trustees in 1922 and served on that board until 1929, when he moved to Alameda because of his job.

During his years in Daly City five more children were born to his wife, bringing the total to nine. One child, Dorothy Moran, passed away in 1936. Children surviving are: Miss Helen Moran and Mrs. William J. Kelley, Jr., Alameda; Thomas P. Moran, San Mateo; Mrs. William P. Sugrue, San Francisco; Mrs. Ralph A. Devine, Upper Darby, Pa.; Joseph Moran and Mrs. Frank R. Sousa, Sacramento; and Mrs. Ivan W. Clark, Jr., Spokane, Wash. He was grandfather of 14, and great-grandfather of one child. His wife, Sarah Jane, died in 1948.

**Pioneer For Industry**

In 1941 Moran, along with a group of business men from San Francisco and San Mateo counties were given a testimonial dinner at the Palace hotel by the National Association of Manufacturers. He was awarded a medal for development of industry in the West and for having served one employer, Libby, McNeill & Libby, for over 35 years. He was a plant superintendent for that company until he retired in 1942.

**Fitting Departure**

It was only fitting that final rites be attended by the Daly City Veteran Firemen's association. He was active in the development of the original Daly City Volunteer Fire department, Company No. 5, and he was a charter member of the Veteran Firemen's group.

Sunday night, Sept. 28, at a Funeral Chapel in Alameda, H. H. Smith, mayor during Moran's term of office, officiated at the services, and the small group gathered to pay their tribute to Thomas P. Moran, a man who, even in his later years, said simply, "Daly City is a good place to live."

## Chest Kickoff Party Held Last Night

All those who are working in the local Community Chest drive were invited to attend the kickoff party held at Baywood theater last night at 8 o'clock.

Entertainment on hand was Dorothy Warenskjold, along with Rusty Draper, western song stylist, and his group.

The party was free to all Chest workers.

### *Section of Alemany To Get 35 m.p.h. Speed Limit*

**Drivers are advised to proceed slowly on Alemany blvd. and Lynnewood drive. This stretch, which has been regulated by a 55-mile per hour speed limit, will soon be a 35 m.p.h. section, according to word received from the State Department of Public Works in Sacramento.**

**The new speed limit, which also gains the favor of local authorities, will become effective when signs are posted, probably within a few days. The order was issued by Frank B. Durkee, State public works director, after a traffic and engineering study by the Division of Highways of the Department of Public Works.**

**The new zone, just under half a mile long, extends the existing 35-mile zone on Alemany blvd. through the Westlake section.**

## BOB SILVESTRI TAKES STATE GOLF CROWN

Fame resides in Daly City today in the person of Bob Silvestri, 14 Lake Forest drive, in Westlake.

Silvestri is the new California State Amateur Golf champion.

Holder of the San Francisco City golf crown, Silvestri at no time had easy going in winning the grueling contest last weekend at the Pebble Beach course, famous for its treacherous terrain. In fact he had to go to the 36th hole to do it, defeating veteran Bruce McCormick, twice a state champ, one up.

A Colma tavern owner, Silvestri had tried unsuccessfully six times before to win the state crown.

**Behind All Day**

Silvestri was one down after the Sunday morning 18 and two down most of the afternoon. On the last nine holes, McCormick obviously tired and began to hook. He hit six traps on the final stretch of nine. Silvestri did not get a real whiff of the championship in his nostrils until the 32nd hole, when he went ahead for the first time.

**Match Evened**

Then, leaving the gallery with a case of the jitters, he pushed a four wood into a trap on the 35th, while McCormick was sitting in an envious spot ten feet from the cup. That made the match even up.

Then, on the 18th hole of the course, 36th of the match, a long par five hole, the contest was decided.

Silvestri's second wood sliced, one of his few of the day.

The ball hit a tall pine tree flush on the trunk, and bounced back onto the fairway. McCormick's second also hit branches, but it was on the fairway side of the hole and at worst could only cut down his distance.

**Masterful Shot**

Silvestri's next shot was one of the two that actually won him the crown in the closing minutes. He lofted the ball with a gentle hook to avoid landing smack dab in the blue Pacific and it landed on the front side of the green. He had a 36 foot put to sink and he did it. McCormick had trapped his third, and had come back four feet from the cup. He wound up with a five against Silvestri's birdie four and Bob Silvestri was the new champion.

When it came time for the president of the California Golf association to announce the winner, no one stepped up for a conspicuously silent moment. He called for Daniel J. Silvestri, the champ's real name, and the state's number one golfer finally stepped up. "My name is Bob," he said.

**Many Fans**

Many Daly City residents travelled south last weekend to witness their favorite golfing son take the title. Silvestri's most devoted fan, however, was his wife, Beverly, who tromped 36 holes a day during the tournament to watch the champion in the making. The couple's dog also trotted along side.

Asked what he thought his chances were on the last exhausting holes, Silvestri said, "Anything can happen"—and it did.

### *CITES INADEQUACY OF WATER FACILITIES*

**Speaking of last week's water main break in Westlake, Superintendent of the Water Department Arthur J. Bodien said this week that such incidents are only a few of the many that could be averted if the water bond passes October 28.**

**He pointed out that the rapid growth of the area has made water facilities inadequate in many sectors, and added that it would only be a matter of time until the water level reached a dangerous low ebb in the Daly City area.**

**"Passing of the bond is absolutely necessary," Bodien said. "Development of our water system is way behind the rate of growth in Daly City."**

**Bodien ranked passage of the water bond as the most essential project facing Daly City residents.**

**Facilities which could be undertaken with moneys from the bond would probably supply a population of 35,000 here, according to Bodien.**

**Even at present, Daly City's storage capacity is not sufficient, he said.**

## MONDAY DEADLINE FOR SUBMITTING PLANNING ITEMS

### *Meetings Will Be Held On Second Tuesday Of Each Month*

All persons having matters to come before the planning commission must submit them before 2 p.m. Monday, October 6, it was announced this week by Sanford Vickers, secretary of the commission.

At the last special meeting the group agreed on the first Monday of each month as the deadline for submitting items for the month's agenda. The full list of matters will then be made up and posted at the city hall for inspection by interested parties. All meetings are public and will be held the second Tuesday of each month at the city hall. The next regular meeting will take place October 14.

At the last meeting the following points were taken up:

1. Granting of a building permit to John J. McCarty, realtor, for erecting a building on Junipero Serra.

2. Suggestion that a separate fire zoning map be made up to facilitate identification of zones.

3. Suggestion that the local commission visit neighboring cities to study their planners methods of action and conducting of meetings.

## Road Realignment Hearing Date May Be Set This Month

No word from the San Mateo County Board of Supervisors has been heard as yet regarding the requesting of a public hearing on proposed realingnment of the coast highway between Edgemar and Daly City, the State Highway commission, legal department, reports.

The Supervisors voted last week to hold a public hearing on the proposed realignment and date was to be set by the State Highway commission. However, the commission must receive a formal request from the Supervisors before they can set a date for the hearing. If a request is received, the commission will set the date for a hearing at their next meeting, Oct. 23.

Area to be realigned is three and three-fourths miles between Edgemar and the end of Alemany boulevard in Daly City.

### *NEW DOG HOUSE SITE; EVERYTHING O.K. NOW*

A difference of opinion between Daly City Police Officer James Baird, Jr., and his neighbor, Desmond Epidendio, 35 Florence, was settled without rancor in Judge William Sweeney's criminal traffic court yeterday.

Baird had signed a complaint against Epidendio for harboring a dog which barked too long and loudly for him. Epidendio assented to moving his dog's home so that the entrance would not face to the street any more. It seems the dog's hollering was prompted by cars and humans passing by on the street.

## SWEENEY RULES CAR MUST GO

Following close on a similar incident in the county recently, Judge William Sweeney yesterday demanded that an erring motorist sell his car, and forbad him to drive for a period of a year, with a penalty of 30 days for infraction of this verdict.

Thomas George Dolan, 301 Bellevue, was brought into court after an incident last week in which he hit a pole on Frankfurt street, then collided with a car. He was charged with being in and about a car while under the influence of alcohol, leaving the scene of an accident, and driving with a revoked license.

He paid a $50 fine on the count of being in and about a car while under the influence.

Dolan brought back a bill of sale to Judge Sweeney which certified that he had sold his damaged '46 model Buick for $115.

## Seven Daly City Residents Will Attend Demo Lunch

Seven Daly City Democrats will dine with President Harry S. Truman tomorrow, Oct. 4.

The locals will have their own table at the $10 a throw luncheon to be held at 1 p.m. at the Garden Court—Palace hotel.

Money collected for the dinners will go to the Stevenson for President campaign fund.

Daly City Demos who will be present are: Frank Kent, Gwendolyn Clapper, Mrs. Ray Garcia, Mr. and Mrs. Claude Alarid, Mrs. Gloria Robbins and Julius F. Castelan.

**WELL KNOWN DALY CITY AUTO DEALER Carl Haas is shown at his Buick agency here. After a long period of good service with the Dodge agency, he has now taken over the Buick product and will continue to offer customers the same brand of fine service. Haas held his official opening Wednesday. He is now the Buick dealer for Daly City, Colma, South San Francisco and Brisbane.**

## A Change For The Good

**The recent change in the leadership of the City Council is looked on with favor by THE RECORD in light of an event which took place Monday night at an adjourned meeting of the council held on the caucus level.**

**A member of the press was allowed to attend the caucus meeting, this being the first instance for an overly long period of time.**

**A perusal of that night's activities revealed nothing that could not have been brought out in an open meeting. This fact alone is enough to support the admittance of the press to caucus meetings.**

**When meetings are closed to the press the impression is given, rightly or not, that the council has something to hide. It is to both the council's and the public's advantage that these meetings remain open.**

## LOCAL FIRE PREVENTION WEEK WILL BEGIN HERE NEXT SUNDAY, OCT. 5th

Activities in schools, organizations and in the city will mark Fire Prevention Week, Oct. 5-11, in Daly City.

The Daly City Fire department will endeavor to bring lessons of fire prevention before the public. Fire drills will be held in each school and a film on prevention of fire will be shown to all students. Fire prevention in the home will be the subject of a talk to be given at the schools and fire prevention literature will be passed out to each student. In this literature will be a questionnaire to be taken home and answered by the students, then returned for correction.

Dates have also been set for presentation of fire prevention programs in Daly City's organizations.

Bringing the theme of the week to all citizens will be banners installed across Mission street at each end of the city, as well as fire prevention posters which will be posted at main intersections and in more than 100 stores. A Fire department exhibit will be on display at 6331 Mission street.

Literature on the prevention of fire will be distributed to each home here.

Topping off the week's activities will be an open house Oct. 11 at the fire house on the corner of Santa Barbara and Park avenue.

# B-B Gun Brandishers Beware; Illegal For Minor To Use or Possess Weapon

Owners of B-B guns in Daly City had best take care in the future or they'll find themselves minus their artillery.

Police Chief Roland Petrocchi has announced that the Police department has confiscated 40 or 50 such weapons in Daly City recently. The very good reason for this being a city ordinance passed in January, 1950, which makes unlawful the possession or use of a B-B gun by a minor. It is also unlawful for a dealer to sell a minor one of these guns.

As Petrocchi puts it, "Youngsters are prone to take a shot at anything," and as a result there have been considerable complaints by irate citizens. There have also been some injuries to faces and eyes occasioned by reckless shooting.

In legalese, the 1950 ordinance states that it is unlawful for a minor to possess weapons which are propelled by air or force—that includes slingshots, too.

Nude nymphs and a life-sized statue of the Venus de Milo are secondary sights to see (oh yes!) when you visit the rake factory of Mr. George Trimmer at 6036 Mission St. (formerly the marble works of his father-in-law, Mr. Vujevich). What really makes your eyes pop is the performance of the "FLEX" bamboo rake—the strongest, most supple and absolutely non-clogging rake we've ever had the good fortune to see!

Since this column recommends no product without testing, we tried the FLEX rake on the accumulated rock and rubble of the factory's inner court yard and found that, because of its patented steel bracings (all made from jealously guarded "dies" representing years of experimentation and testing for perfection by Mr. Trimmer), this rake could easily take up rocks larger than baseballs along with those the size of marbles and with no effort or strain on our part! A sweeping motion cleaned the earth as thoroughly as would a kitchen broom and not once did we have to bend over to release rocks, dry grass, green weeds or papers from between the prongs! The Flex rake really cleans itself!

"Except for one thing," says Mr. Trimmer, "berry vines will clog the Flex, but they are the only thing that will do so!"

These rakes will soon be available at your local hardware store or nursery and will sell for $1.95 . . . well worth every penny of the price!

Del Wilson, who may have come out second from the bottom in the City Council race but is still tops and over with lots of people around town, has left Maxwell Realty Co.—where he was top salesman—and joined VANCE X. CRAFT Realty Co. at 6147 Mission St.—Call Delaware 3-6300!

Del, whose philosophy of life and business (yes, business—too!) is "never make an enemy if you can make a friend," says that his new boss feels the same way. Sounds like a good combine to us and a good place to buy or sell property if you're in the market.

The SERRA FURNITURE CO., well known throughout this area for its more-than-fair terms on quality furniture and appliances, is now offering a "no package deal" Food Plan to freezer buyers—a Food Plan which lets you choose those foods which will solve YOUR food problems! You may desire to stock your freezer with more (or less) expensive brands and under the SERRA Food Plan the decision is yours! The six months supply of meats and vegetables for your freezer (at a volume discount—since you are a volume buyer when you own a freezer) will be included in your monthly payments—scaled to meet your budget!

Special introductory offer to Daly City buyers is 100 packages of the frozen foods of their choice—again, a "no package deal" and the services of a bonded food consultant who will call at your home to discuss freezer problems and buying at no extra charge to you!

Remember, it's the SERRA FURNITURE CO., at 2899 Junipero Serra Blvd.—Call Plaza 5-4466!

Been having more fun than a barrel of politicians with those new cigarettes labelled "I like Ike" (in red and white striped package) and "Stevenson" (decked out with white stars on blue background)! If you want to have the same kind of fun—just buy a pack of each—and offer both to the next person you meet! Cost is 25c per package and the cigarettes are mighty kind to your T-zone or whatever! We found ours in LEE'S DRUG STORE, but I have a feeling that they'll soon be all over town!

LESLIE'S, in Broadmoor, has just received a shipment of the prettiest, best-designed and best-priced sleepware we've seen outside of the fashion magazines! Especially attractive are the flannelette gowns which feature long sleeves, tailored collar, a three-button front closing and full gathered skirt—elasticized across the back for perfect comfort. This housecoat style gown sells for only $3.95—an unusually low price for such a garment! Our own sleeping favorites (because they wash and dry in a flash, require no ironing and give that wanted warmth without weight) are the cotton challis models with either long or short sleeves. Come in sizes 32-38 for $3.95! But, whether you prefer shortie coats, pajamas or gowns—Leslie's has them all from plain to fancy at prices you can afford to pay!

Mrs. E. Garrison will speak on conservation of wildflowers at the next regular meeting of the Daly City Garden club Tuesday at 8 p.m. at the home of Mrs. R. Garay, 100 Sussex.

Fall work in gardening will begin soon and persons interested have been invited to attend the meeting. They may make inquiries to Mrs. H. de Leon, JU. 4-4307.

The Garden Club meets the first Tuesday of every month.

# Central Labor Group Endorses $400,000 Juvenile Hall Bond

Unanimous endorsement has been given by the Central Labor Council of San Mateo County to the Juvenile Hall $400,000 bond issue which voters will be asked to approve at the Nov. 4 election.

The bond issue is intended to defray cost of enlarging and properly equipping the hall.

"We most heartily recommend a yes vote," said Thomas A. Small, president of the county labor council, "for there is urgent need for additional space at Juvenile Hall. Certainly all of the good citizens of this county should be willing to do at least this much for the betterment of our youth correction program."

Carl E. Cohenour, secretary of the labor council, reported today that in addition to giving endorsement, the labor council officers and members will assist the citi-

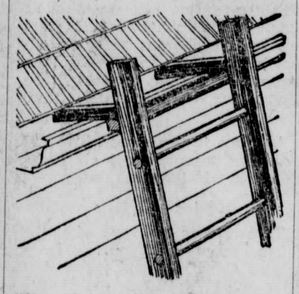
## Handy Jim's FIXIN-UP TIPS For Farm and Home

### Bridging the Gutters

CLEANING and painting eaves-troughs is a worth-while autumn chore. It's a good idea, however, to take care with the ladder so that you won't fall and you won't damage the gutters.

The illustration, taken from *Family Handyman*, shows how one home



"fixer-upper" built a brace to support the ladder and avoided resting it against the box-type eaves-troughs. His ladder was held about 3 inches away from the edge of the gutter.

He built the brace of two pieces of 1"x3" furring which he screwed securely to a 2 by 2 the same length as the width of the ladder. The brace prevented damage to the gutters and also kept the ladder from marking the paint on the house.

## CITES HUGE INTEREST COST OF NAT'L DEBT

Interest charges alone on the national debt now cost California citizens about $519,500,000 a year. That's more than enough to pay all the $494,143,000 California's State Department of Education estimates as the sum needed for new public school classrooms this fall!

This comparison was made today by Kenneth Smith of San Francisco, treasurer and assistant to the president, Pacific Lumber Co., and a member of the Government Economy committee of the National Association of Manufacturers, in commenting on a recent NAM analysis of federal budget appropriations.

In November, Smith pointed out, California voters will be asked to pass on a $185 million bond issue, to make up the deficits local school districts are unable to raise for immediate classroom expansion needs — deficits estimated by the Department of Education as amounting to $244,346,000. San Mateo County school districts alone are reported as needing 714 more classrooms at a total cost of around $22,427,000.

"Any public-spirited citizen can understand the need for more school facilities," he said, "but most of us find it hard to understand why we continue, on a national level, to be saddled with more and more debt. At a time when nearly every county in the state needs more schools, more highways, or more hospitals, it is distressing to learn that our federal government will have to spend about $6,255,000,000 this year just to pay the interest on our $260 billion national debt."

## S. F. SUPERVISORS OPPOSE TAX PLAN

The San Francisco Board of Supervisor's has declared its opposition to a proposal under which the State would impose and collect sales taxes for counties.

The proposal, advanced by the County Supervisors Association of California, calls for enactment of a law for the mandatory and uniform sales tax in all counties in the State.

San Francisco Supervisors estimated it would cost the counties about 25 per cent of the taxes to have them collected by the State, while cost of collection by San Francisco of its own tax is only one per cent.

The city's sales and use tax of one-half of one per cent produces approximately $5,000,000 revenue annually.

### MARLIN FISHING EXCELLENT

Marlin fishing has been excellent during the past few days in the waters off Los Angeles County, reports the National Automobile Club. Many large fish have been landed.

## THE RECORD RECOMMENDS

**Topping the list of civic projects now is the completion of the War Memorial building. Citizens of Daly City will go to the polls October 28 to pass their verdict on the bonds which will go toward realization of this civic monument. At a microscopic cost of approximately $1 per year per family these bonds can be paid for. THE RECORD, taking into consideration the inestimable value of the finished product, believes that a better bargain won't be found in a long while. Vote YES on the bonds for a better community.**

**Little more than three weeks remain before three bond issues—water, fire, and completion of the War Memorial building—come before the people of Daly City.**

**In this comparatively short time a steering committee, selected this week, will attempt to set forth to the voters the myriad advantages to be gained by passage of these bonds.**

**Their campaign will not be founded on a lot of hocus pocus, but will be centered strictly on the benefits which will accrue to Daly City residents by passage of these bonds.**

**The benefits are truly many, the cost per family minute.**

**Cast your "Yes" vote on all three Oct. 28.**

## To Those Who Have Not Been Witnesses

If you at some time had looked on the smoldering mass of blackened and burned out waste where once humans lived, then there would be no need to remind you that, beginning Oct. 5, Fire Prevention week is being held. For then you would know first hand the tragedy of fire.

But most of us, fortunately, have been spared this experience. As a result we find it difficult to picture last year's loss of some $730,000 in property (including nearly 300,000 fires in homes) and 11,000 lives in terms of tragic experience.

But we can realize that there is no better way of fighting fire than by preventing it and that effective prevention is largely a matter of public consciousness.

The Daly City Fire department is doing its part for Fire Prevention week in its campaign to visit schools, lecturing on preventive habits and practices, disseminating literature to the community in an all out attempt to instill a keen awareness in residents here.

But the Fire departments, here and throughout the land, do not need the impetus of a Fire Prevention week to be aware of the ever present danger. It is for the people's benefit that this week is held.

Little good has been done if each person only maintains his vigil and extreme care for this one week. That is not the purpose of Fire Prevention week.

The citizen must re-dedicate himself to his duty through Fire Prevention week, then exercise every precaution against fire throughout the year.

## Smugness, Complacency Lead To Downfall

National Newspaper week began Wednesday and will end Oct. 8. The amount of feeling aroused over this event is probably negligible throughout these United States.

Americans are too smug and complacent when thinking in terms of freedom of their newspapers, or any other literature for that matter.

But don't be fooled into thinking that a few words in the Bill of Rights which outlaw abridging of the press' freedom guarantee any blanket liberties. The constitutions of Indo-China, Mexico, Colombia, Argentina and even Russia have guarantees of press freedom. But they are in fact just so much verbiage.

An excerpt from Charles Clayton's University of Missouri address gives a few instances where restrictions have already operated on the U. S. press:

"I say to you that it does happen here, and it happens in communities where there are strong and alert newspapers. I am thinking, for example, of San Francisco, where only a few months ago a Federal Judge ordered a grand jury to investigate the Call-Bulletin on a charge that that newspaper had obstructed justice by its series of articles on income tax frauds and a land development scheme involving another Federal Judge. . . . It happened in Lake Charles, La., when an editor and publisher were indicted because they dared to print the truth about gambling and vice. It happened in Atlanta because a newspaper dared to tell the truth about traffic cases. It has happened in Phoenix, Arizona, where the Governor of that state has suppressed a report concerning the state's land commissioner. It happened a few short years ago in Peoria, Ill., where a reporter for the St. Louis Post-Dispatch was indicted because he found out too much about crime in that community. It has happened in Maryland and New Jersey where bills have been introduced in recent years to gag the press.

"It does happen in every city where committees of the Board of Aldermen or the school board insist on secret meetings. It is happening right now in Washington, despite all the denials to the contrary.

". . . Men have always had good reason to fear for their rights, but the hazard is greatest when the heritage is thoughtlessly accepted; when it is taken for granted—and is prized only after it is gone."—Charles C. Clayton, 1952.

## When Things Are Seen In The Same Light

Governor Stevenson's concern over a "one-party" press. as he terms it, is quite understandable since he is not the candidate of the party which most of American newspapers choose to support. Joining in the argument, President Truman contends that the press is largely backing the Republicans because it has become "big business." Some newspapers are very large. Most of them are not. Yet, the great majority of small, as well as large, publications favor the GOP. Maybe the real reason for this is that most editors and publishers view the political scene analytically rather than emotionally. And their conclusions could be that the party in power has not solved basic problems but has attempted to bury them in an avalanche of spending. They may also feel that carelessness, corruption and contempt in office have reached the point where a change—a complete change—is not only desirable but mandatory for the national well being. Newspapermen have no illusions about any political party. But they also have no illusions about the ultimate effect of practices in government which ignore basic moral and economic standards. It should neither surprise nor appall anyone that most newspapers see these things in the same light.

## The Words Are New, The Meaning Old

Many special ceremonies were held in Daly City places of worship last week and throughout the nation in connection with the first release of the Revised Standard Version of the Holy Bible. A total of 300 American communities held the commemorative ceremonies.

This alone should indicate that interest in the great book is not flagging.

Quite the contrary, in fact. Bible sales in recent years have been steadily mounting and it has never been outsold by any other book. Even though the new wording may make some of the familiar passages sound strange temporarily, the revision is aimed at making the Bible more meaningful for modern living. As several local pastors have commented, the book is easier to understand, yet retains the stately expressions and the beautiful language of earlier versions.

Certainly there is an immense store of wisdom in the Bible available to all those who look upon it not as dry and doubtful history but as a chart and compass for their daily lives. A lot of people look on it in the latter sense. That's why a million copies of the new version were printed even before it was published. Anyone not familiar with the "good book" will find it a good book to study.

## An Inequity To Be Done Away With

Not a few Daly City religious schools will be affected by Proposition 3 which comes up on the November ballot.

A "yes" vote means that these schools will be freed from state taxation, the funds of which they never even see.

Every state in the nation, except California, has long ago banished taxation on religious schools.

This state already has granted tax immunity to nonprofit institutions on the college level. Among them are Stanford, University of Southern California, University of San Francisco, College of the Pacific and others.

There is no reason imaginable for refusing to offer similar tax relief to similar nonprofit schools not on the college level.

If Congress shall make no law respecting the establishment of a religion then, conversely, why should the state be allowed to rake money from the coffers of religious schools which derive no benefit from the moneys collected? It is time that this inequity be done away with.

We hope readers will show enough interest in their city to occasionally "sound off;" for the purpose of this column is to give you, the reader, a chance to express an opinion.**

### Serviceman In Korea Appreciates Receiving His "Home Town" Newspaper

The Record, Editor

Dear Sir:

My son had been receiving THE RECORD at Camp Pendleton and was very happy to have it. His address has changed since the group left for Korea and would appreciate getting THE RECORD more than ever now.

A home town paper is like a visit with a dear friend, and Ted appreciates it more than I can tell you. You are doing a fine thing to send the boys our paper.

Please be good enough to put Ted's address in the paper so his friends will be able to write. The further away from home a person is, the more mail means to them.

Thank you very much,

Mrs. George Freeland

Pfc. Ted Freeland 1292528
E.-2-5 1st Div. F.M.F.
c/o P.M., San Francisco, Calif.

**(Ed. Note: THE RECORD is pleased to publish Ted's address and hopes that some of his friends will write to him. Like Ted, there are many other local servicemen who have changed addresses since entering the service. If you know of any changes please notify THE RECORD, so we may forward them free copies of the paper every week, and so that we may keep our complete list of Daly City servicemen up to date. From time to time THE RECORD publishes this complete list of servicemen from the Daly City area, and we would suggest that the next time the list appears you clip and save it. One of the best "morale boosters" for a serviceman is a letter from home, so why not write one today! And make it a regular practice!)**

### Reader Cites United Nations As Strong Symbol Today in Quest For Freedom

Allied Land Force
Central Europe
September 15, 1952

The Record, Editor

Dear Sir:

Upon receiving my copy of The Record today (Aug. 14 edition) I came across a letter to the editor which was written by a Mr. Franklin Hichborn. I would like, if you will permit me, to quote one paragraph of his letter.

"It is well to reflect too, that in the present war, battle-stricken American boys are dying under a flag other than their own Stars and Stripe, the flag of the United Nations. And now comes a play to deny them the privilege of dying in the uniform of their own country. It is proposed that the uniform of NATO be substituted."

I am afraid that Mr. Hichborn has been misinformed. The flag of the United Nations, for his informaiton, happens to be at present, one of the strongest symbols of freedom in the world today. This flag stands for, after all, the same basic principles as our own flag of the United States. Are not these principles worth fighting for under any flag regardless of color or form?

As for the proposal of a NATO uniform. We have heard nothing of it in NATO, but now that you mention it, it seems like an excellent idea. I would be delighted at the opportunity of wearing a NATO uniform after seeing the organization and effort put into the success of NATO.

No, Mr. Hichborn, none of us wants the "privilege" of dying in the uniform of our country. What we want is the privilege of **living in a unified free world.** If the necessity arises in which we must fight in a uniform different than our own, and under a flag other than our own, that's fine. We would, after all, rather wear a NATO uniform or fight under a United Nations flag, than wear a slave's uniform under the flag of Communism.

### Daly City American Legion Post No. 410 Stresses Need For Completion Of Center

The Record, Editor

Dear Sir:

Twenty years ago Daly City Post No. 410, American Legion, incorporated in the minutes of their meeting the need for community development, among which were better play grounds (lighted at night), dance halls, and other facilities for the youth of our community to gather together.

Two decades later the same conditions prevail that prompted that motion in the American Legion. A lot of talking has been done, of course, during that time, but little if any action has been taken to correct these adverse conditions.

Boys clubs, Scout activities, Junior Rod and Gun Clubs and many other worthy activities have been abandoned for the lack of proper facilities to carry on.

The City started to build a Community Center but abandoned it for lack of funds when it was near completion, the voters having voted down bond issues for that purpose.

Daly City has a very large investment in this building to date. What is to become of it if we fail to make some attempt to salvage what is there?

Daly City Post recognizes the dire need for the opening of this building. We have tried in the past to sponsor various youth activities, but our small quarters make the task almost impossible. It is not a question of capable instructors; rather it is a question of providing proper facilities to work with.

We of the American Legion are dedicated to Community betterment and better education for our youth. Therefore, we are behind this project. To have it completed and open to the public is our primary aim.

Daly City Post No. 410 Inc.

### Old Glory Post No. 2044 Goes On Record In Favor Of Community Center Bond

Sept. 26, 1952

The Record, Editor

Dear Sir:

At the last regular meeting held on September 12, 1952, Old Glory Post No. 2044, Veterans of Foreign Wars of the United States, Daly City, California, unanimously went on record pledging 100 per cent support of the $160,000 bond issue to complete the Community Center, and we urge the voters of Daly City to lend their full support at this coming election.

Respectfully yours,

R. G. SCHNEIDER,
Commander

**A SORRY SIGHT at present is this view of the terrain in front of the War Memorial building. With passage of the bond to complete the building this will be transformed into a landscape that will be something to look on with pride.**

## In The Past

**TEN YEARS AGE**

Thursday, Oct. 8—Change of tactics to increase local salvaging of waste fats and greases was brought about by the Daly City Salvage for Victory committee this week with the announcement that butcher shops here would pay 3 cents a pound to housewives who delivered fats and greases to their shops. Speaking for the salvage committee, R. L. Crane Jr., chairman, stated that the following markets have been designated to date: Colma Meat market, Farmer's Meat market, and Milo's market. The steps were taken here to spur an almost ineffective fats salvage campaign.

Cheered to hear that her son was safe and in the best of health, Mrs. Ronald A. Smith, 258 Templeton ave., received the first direct word from him last week when a letter arrived from a Shanghai War Prisoners camp. Her son is Donald Smith, American seaman who has been imprisoned by the Japanese since his capture last January. A second engineer on the Matson freighter, Malama, the Daly City youth was incarcerated by the Japanese with 32 other members of the crew after the freighter was boarded by enemy Japanese.

If you have any old keys for which you have no use, keys which have either outlived their locks or long parted from them, the Daly City Salvage for Victory committee will turn them over to war plants to increase America's supply of scrap metal.

**FIFTEEN YEARS AGE**

Friday, Oct. 8—While Mrs. Agnes Lumsden of 225 Los Olivos ave. was absent from her home, doing some shopping, her husband, Harry Lumsden, who had been in ill health for some time and was in a depressed state of mind, committed suicide some time between 7:30 and 8 o'clock. Lumsden locked himself in the bathroom and slashed his throat. He was a butcher who retired from active service some seven years ago. He was a native of Scotland. His widow is the only surviving relative.

After a closed session of the City Council Tuesday evening of this week it was announced that the councilmen had voted a generous sum to the local branch of the Italian Catholic Federation toward the fund for the celebration of the Inaugural Festival, to be celebrated October 23 and 24 in this city. The amount which was not exactly specified, will cover the cost of a float for the fiesta queen and her court.

Miss Evelyn Core, popular local girl, became the bride of Edward A. Coleman of San Francisco Saturday evening of last week in Our Lady of Perpetual church. Father James Doyle officiated.

Miss Kathleen Core was bridesmaid. Jack Coleman was best man.

Mr. and Mrs. Coleman are spending their honeymoon in southern California. On their return they will make their home in Daly City.

**TWENTY FIVE YEARS AGO**

Friday, Oct. 7—The people of Colma are enthused over the coming election for annexation to Daly City, on account of the great benefits they expect form the annexation, such as sewers, water for domestic purposes, hydrants for fire protection and cheaper fire insurance rates.

Little difficulty is anticipated in securing a favorable vote for the annexation. The petition asking for the election was signed by over half the voters in the Colma district. Many more expressed their wish to sign the petition, but it was not necessary for them to do so.

Undersheriff Pierre Larrecou of San Mateo county was shot to death last Sunday night in a pistol duel with a holdup man whom he killed with a shot from his own revolver as he crumpled to the floor.

The dead bandit has been identified as George B. Miller, chauffuer and gambler, who was recently dismissed from the service of Hugh B. Porter, wealthy Atherton resident.

Undersheriff Larrecou and State Traffic Officer Elgin Kreiss were seated at a table in the kitchen of a cafe owned by Angelo Zimminini on Atherton avenue in Menlo Park, when there came a knock at the front door of the cafe and Zimminini went to open it. As he did so, two men stepped in, both pointing guns at him. Miller walked into the room, paused for a second, then he blazed away with his revolver at the seated officers.

### District Attorney Talks On Juvenile Problems

Need for more preventive measures to deal effectively with juvenile problems was stressed by Louis B. Dematteis, district attorney for San Mateo County, and Dr. Oliver E. Byrd of Stanford University, in a fast-moving panel discussion, Thursday, September 25, in Burlingame High School auditorium, under the auspices of 17th District California Congress of Parents and Teachers.

"In a recent report from a prison warden," said Mr. Dematteis, "75 per cent of the inmates had an early delinquency record."

Outlining the steps taken in handling a delinquency case from the first unofficial report, through various conferences between school, parents, and probation officers, to the final disposition, Mr. Dematteis declared that rehabilitation is the entire aim of the Juvenile Court.

The Sacrament of Baptism for adults or for parents presenting children will also be held at that time, as will reception of new members, by previous conference with the minister and elders.

## Teen-Age Work Good -- Tormey

School authorities are unanimous in their opinion that employment of young teen-agers, where the employment does not impair their health or interfere with their school work, is beneficial and should be encouraged, according to County Superintendent of Schools James R. Tormey.

Tormey stated that there are many types of work which can be done safely, satisfactorily and legally by children in the 12 to 18 year age group, but that some employers are reluctant to place these young people in positions because of a misunderstanding of the laws which regulate their employment. As an aid to employers who can utilize the services of girls and boys under 18 years of age, he has furnished the following information:

Minors between the ages of 12 and 18 years may be employed, under specified conditions, provided they have work permits. The work permits are issued by school authorities who are familiar, not only with the child-labor laws, but with the school and health records of each individual to whom a permit is issued. Brief instructions to employers are printed on the work permit forms, and issuing authorities are always glad to assist employers in any possible manner.

Minors under 12 years of age may not be employed except in their own homes or on farms controlled or operated by their parents; 12 and 13 year old minors may be employed only on Saturdays and days that schools are not in session; 14 through 17 year old minors may be employed on school days, but only for a number of hours which when added to the hours spent in school equal 8 in any day.

Hours during which minors under 18 years of age may be employed under California law are generally between 5 a.m. and 10 p.m.; the maximum work day, including time spent in school, is 8 hours; the maximum work week is 48 hours.

## Famous Comedian Invades Stage At United Nations

Edward Everett Horton, famous comedian of stage and screen, invades San Francisco's United Nations (formerly Alcazar) Theatre on Tuesday evening, October 7, bringing with him a top cast in "Nina," a Parisian farce that has earned the plaudits of Eastern Critics.

This show marks the first time in many years that Mr. Horton has toured nationally. He has been well rewarded, "Nina" having been an exceptional drawing card and Horton having received excellent reviews from even the Boston critics.

In "Nina," Horton plays a husband whose wife's lover moves into and practically takes over his apartment. Eddie, while retaining his ability to portray the depths of befuddlement, still manages to give the play that touch of French chic which makes Gallic comedies a delight to sophisticated audiences.

Marta Linden plays the part of Horton's flirtatious wife, Christopher Plummer, the part of her lover. Randolph Hale is the producer.

Following the fast-moving French pattern, the play's entire sequence covers a period of just 24 hours. "Nina" is a creation of the famed French farceur Andre Roussin and was adapted by Samuel Taylor, who has retained the Parisian spark and the basic Latin qualities while tailoring the play to the American sense of humor.

Tickets for Nina are popularly priced from $1.20 up. Matinee performances will be given on Thursday, October 9, and Saturdays. Mail orders are now being accepted and will be filled in the order of their receipt.

### Lee Ham Is Named SMCPOA Chairman

Lee Ham, associated with Wilsey & Co. Engineering Consultants, was elected Chairman of the San Mateo County Property Owners' Association Board of Directors at the regular meeting September 26 in the County Supervisors Chambers. Mr. Ham succeeds Miss Edna May Spree of San Carlos who recently submitted her resignation.

The San Mateo County Property Owners' Association also announced that a full time executive secretary will be appointed in the near future. A committee headed by Mr. W. Needham Lambert, tax consultant living in Atherton, will screen applicants for the position and present a recommendation at the meeting in October.

### Another Auto Reported Stolen In Daly City Area

The third case of a car theft in nearly as many weeks has been reported to Daly City police.

Mrs. Agnes Smith, 219 Station avenue, last week notified police that someone had stolen her 1950 model sedan while it was parked in front of her home.

FOR YOUTH BETTERMENT—Thomas A. Small (at right, President of the Central Labor Council of San Mateo County, is presenting J. Ed McClellan, Chairman of the San Mateo County Probation Committee, with the labor council's endorsement of the $400,000 Juvenile Hall Bond Issue which will be up for voter approval at the November 4 election.

## CSAA Opens Branch Office In Westlake

The California State Automobile Association opened a new office this week in the Westlake section of Daly City to serve its members in the northern part of San Mateo county.

It is located at 20 Park Plaza on the eastern side of the Westlake business center.

The new CSAA office will provide a more convenient contact on matters of Association service for members in Daly City and its new Westlake section; Broadmoor Village; South San Francisco and new developments within its boundaries, including those along El Camino Real south to Brentwood; and coastside communities from Edgemar and Sharp Park to Rockaway Beach and Pedro Valley.

Establishment of the new CSAA ofifce follows the steadily increasing Automobile Association membership in these rapidly-growing communities of northern San Mateo County. The Westlake office will be under the supervision of Daniel D. Way, Association manager for the San Mateo district.

## Donahue Returns From Convention

Just returned from a two-day convention held at the Biltmore Hotel in Santa Barbara, is James E. Donahue, Daly City De Soto-Plymouth dealer.

The occasion was the second annual gathering of the combined memberships of the De Soto Dealer Association of Northern California and the like group from Southern California.

Donahue states attendance this year was the largest assemblage of De Soto dealers ever gathered together for one meeting in California.

Keynote speaker at the convention was Bernard Meldrum, chief engineer of the De Soto Motor Corporation, Detroit.

Meldrum told the dealers he is most enthusiastic about the future of the automobile business, and stressed particularly the great strides the modern motor car maker has made in research and almost super-human "push-button" manufacturing procedures.

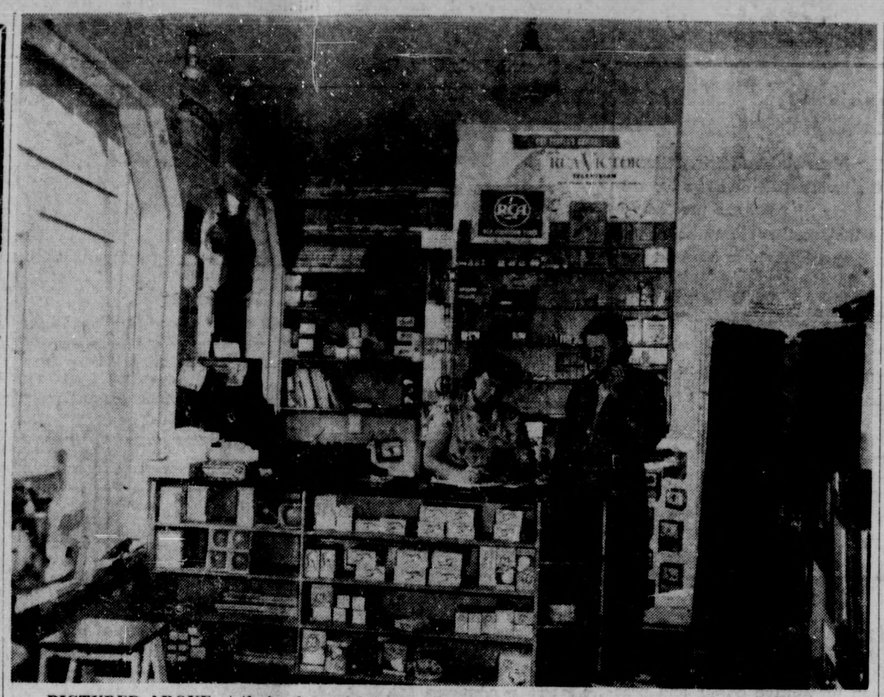
### Fred Rogers Takes 5th In Golden Gate Swim

Fred Rogers, sponsored by Bernard McGaffery Post 355, American Legion, South San Francisco, finished fifth place in the annual Golden Gate swim staged every year by the Dolphin Swimming and Boating Club and the South End Rowing Club in San Francisco. Rogers' time was 17 minutes 32 seconds for the 1⅛ mile swim thru the dangerous and treacherous currents beneath the Golden Gate Bridge. Over 20 other contestants attempted this great feat. A change from the original course was ordered by the Coast Guard due to a heavy fog bank at the entrance of the bay as a precaution for the safety of the swimmers.

### MAN HITS SIGNAL; GETS BOOKED HERE

The signal standard at Market and Mission street was sheared off at a very early hour Sunday and as a result John Tarancon, 32, 726 Fillmore street, San Francisco, was booked in Daly City for being in and about and auto while under the influence of alcohol. His car struck the signal at 3:20 a.m.

Tarancon was not injured in his scrape with the signal.



PICTURED ABOVE at their place of business, the Hopman Electric & Radio Co., 6299 Mission, are Florence and Ted Hopman. Hopman's has been in business at the present address since 1944. Before that he was located at 27 Gambetta, Daly City, where he had been since 1929.

## Top Northern California Marksmen To Attend Legion's 18th Turkey Shoot

With truckloads of prime live Thanksgiving turkeys to be actually at the scene, top Northern California marksmen today were oiling up their shootin' irons in preparation for Monterey Peninsula Post 41, American Legion's big 18th Annual Turkey Shoot next Sunday at Tarpey Flats, three miles east of Monterey on the Salinas Highway.

Post Commander Claude Estill and General Chairman Charles Houseman, said today it is expected that more than 400 prime turkeys will be won by marksmen at Northern California's best known turkey shoot this year.

Although live birds will actually be on the scene for winners to select, the target range for both big rifles and .22 marksmen will use only mechanical targets, Estill stated.

Meanwhile, Houseman revealed that top marksmen already scheduled to attend the well known sports event include members from the Monterey Peninsula Rifle Club, La Gloria Rifle Club of Gonzales, King City American Legion Rifle Club, the Pacific Rod and Gun Club of San Francisco, and rifle clubs from Castroville, Hollister, Santa Cruz, Watsonville, Gilroy, San Jose and Los Banos. A number of other clubs are expected to be represented.

Last year the big sports event attracted nearly 6,000 participants and spectators, and arrangements have been made to accommodate even more this year. More than 10 acres of parking area is available, and food, games and plenty of entertainment is provided for the entire family.

Live birds are not used. The big range for heavy calibre rifles features silhouetted turkeys at 235 yards, in which a seven inch white plate is the bullseye. A slight chip of the plate is considered a hit. No tracer bullets or telescope sight is permitted. The .22 rifle range is a 85 yards under similar conditions. Marksmen are encouraged to bring their own guns although rifles will be available.

Commander Estill stated that all funds raised from the big sports event are devoted annually to American Legion and community welfare activities.

## Ike Autocade Will Pass Through Here

Plans to send a 250-car decorated caravan from San Mateo county to the huge Eisenhower speech at the Cow Palace Wednesday evening, Oct. 8, were nearing completion today with the announcement of assembly points and times of departure by Proctor Jones, caravan chairman. The caravan is scheduled to arrive in Daly City at about 7:20 p.m., and will be heading north.

Starting at Menlo Park at 5 o'clock, the caravan will proceed through the county along El Camino Real picking up additional groups of autos in each city. Plans call for the caravan to arrive at the east entrance of the Cow Palace at 7:40 p.m.

The Eisenhower speech will be his main address in Northern California prior to the November 4th election and one of the largest crowds of the campaign is expected.

These first three winners will appear again in the semi-finals to be held in December.

## REPUBLICAN CAMPAIGNERS OPEN HEADQUARTERS IN DALY CITY

Support of Daly City and surrounding territory for the Republican candidates in the national election November 4 will be crystallized tonight (Sept. 30) with two events.

Area headquarters will be formally opened at 6434 Mission Street, near Knowles Avenue. And there will be an open meeting at the headquarters of all supporters, regardless of party, of General Eisenhower, Senator Nixon, and Arthur Younger.

Walter McElroy, chairman of the local young Republicans, invited all voters of the area to attend. "We have had a lot of people ask to go to work for Eisenhower," McElroy said. "This is their chance to become active in the last month of the campaign."

Active participation in the giant Eisenhower rally at the Cow Palace on October 8 will be discussed at tonight's 8 p.m. meeting. It is expected that plans will be made to form an automobile caravan to hear the Republican presidential candidate in his only Bay Area appearance.

The new headquarters have been opened during the week and have been decorated with pictures and banners. It is planned to keep the headquarters open from 1 to 4 p.m., initially, with longer hours later.

Available at the office will be campaign material, including buttons, bumper strips, windshield stickers, and literature.

## James L. Hatchel Aboard USS Orleck

U.N. BLOCKADING AND ESCORT FORCES, KOREA—(Delayed)—Not being satisfied with her unique strike of several days ago, the destroyer USS Orleck struck again.

In the same exposed section of railroad track between two tunnels, the Orleck "knocked-off" her second Communist train loaded with explosives and artillery.

Serving aboard the destroyer, on her second tour of Korean duty, is James L. Hatchel, radioman seaman, USN, son of Mr. and Mrs. Cecil B. Hatchel of 114 East Vista ave., Daly City, Calif.

The "destroyer train-smasher" was congratulated with "Well-Dones" from Vice Admiral Clark, USN, Commander of the Seventh Fleet, and General Van Fleet, USA, Commander of the Seventh Fleet, and General Van Fleet, USA, Commander of the Eighth Army.

### Accidents In Home Injure Two Children

Two accidents in the home recently resulted in injury to a pair of local children.

Frank Bria, Jr., 11, 61 Shakespeare street, was taken to Junipero Serra hospital Friday after a 14-foot fall from his father's garage. Authorities at the hospital said he was released earlier this week.

Four-year-old David West, 908 Foothill drive, suffered severe cuts on his forehead when he rushed through a floor to ceiling plate glass French window.

"Mid-morning let-down is largely psychological and not attributable to a breakfast high in starches and sugar.

The dark-colored compounds in raw sugars are formed when cane juice is boiled. Their vitamin content is low, and they are nutritionally valueless.

So long for now. See you next week.

## Jeff Hi Presents "Personal Appearance" October 22, 23, 24 In School Auditorium

"A lively play with quick wit" was the comment of Miss Eunice Seaton at Jefferson Union High school where she is directing the school play, "Personal Appearance," to be presented in the High School auditorium on October 22, 23, 24, at 8:15 p.m. Ron Dickson is her student director.

This play will be presented in the penthouse style, better known as "in the round." Yes, this is just the same as "Family Circle." "Family Circle" was presented a few years ago at Jeff and proved a great success. This type of theatre has been produced for some time, but was really developed at the University of Washington. For those of you who didn't see "Family Circle," the play is produced on the floor of the auditorium, rather than on the stage. The seats are lined in rows around the circle in which the play is acted.

"Personal Appearance" is the story of Carol Arden, a movie siren, whose only real love is herself. As the title suggests, Miss Arden is conducting a personal appearance tour to promote publicity. In the middle of nowhere (Scranton, Penn.) her car breaks down. Her public-relations man, Gene Tuttle, goes to a house to telephone a garage and there the fun begins.

Carol, it seems, is always in a hurry to get where she's going; that it, until she meets Bud Norton. Bud, is an average American boy. To complicate matters, Bud is engaged to a sweet, pretty young thing, Joyce Struthers. This mixup results in hilarious comedy.

Another of the personalities in the play is an old maid aunt, Aunt Kate Barnaby. Then there is Gladys Kelcey, a movie crazy girl, and her boy friend Clyde Pelton. These and others help to make up one of the finest casts Jeff has ever had.

In the part of Carol Arden will be Audrey Wheeler. Playing Bud will be Bob Schlapfer. Eileen De Bernardi is cast as Joyce Struthers, while Shirley Rasor will play the part of her finicky mother, Mrs. Addi Struther. Irving Waldman will be Gene Tuttle, Miss Arden's public-relations man. Joyce Webster and Bob Bridges will be Gladys and Clyde, a couple who don't get along too well.

Jessie, the maid, will be Joann Gordohn, and Johnson, the chauffeur, will be played by Jim Rector.

In the part of the hilarious old Aunt Kate will be Jefferson's veteran actress, Jan Sproule.

Be sure to come and see it. Tickets are on sale at Lee's Pharmacy, McGraw's Drug Store, and Godfrey's Ice Cream Store in Westlake.

### Square Dance Party

The Circle Eighters of Brisbane will hold a square dance party in the Brisbane school auditorium Saturday.

All square dancers are welcomed.

### LIONS HEAR TALK ON REMEMBERING

Lions were somewhat amazed yesterday at the performance of Orville Porter, guest speaker for the meeting.

At the opening of the meeting Porter proceeded to call accurately by name every Lion clubber and all guests present, some 40 in all.

He also gave the group some hints for remembering names. "Pay attention, repeat the name aloud, associate the name with a face and form a mental picture of the name" Porter advised.

Lions have announced that reflector tapes for bicycles are still available and will be put on free of charge.

Tentative plans for a Halloween dinner dance near the end of October were made. Joe Belli and Walt Rector will handle arrangements.

Sugar is often added to milk in making infants' formulas. It is easily assimilated and available for energy quicker than any other common food.

# THE OUTDOORS

An additonal $25,000 may be needed and will be requested from the Governor's emergency fund to continue control of waterfowl crop depredations as long as necessary in the Central Valley, the California Fish and Game Commission voted at its September meeting in Los Angeles.

The fund will supplement the $10,000 the State Department of Fish and Game has already spent in a joint feeding program with the U. S. Fish and Wildlife Service, to protect Sacramento and San Joaquin valley crops from what duck experts call the biggest influx of birds the Pacific Flyway has received since World War II.

Depredation control will be continued throughout California until menaced crops are harvested, which may be as late as next January or February in the Imperial Valley, the Commission was told by Chief Ben Glading of the agency's Bureau of Game Conservation.

The Commission also:

Concurred in Federal migratory waterfowl regulations for season, bag and possession limits.

Approved the permit-renewal applications of 25 private pheasant game club operators, for the coming hunting season.

Approved unchanged the 1951 regulations for cooperative hunting areas, for the 1952 season.

Heard a verbal report from Deputy Director Shannon and Glading recommending that a special antlerless deer hunting season be granted in El Dorado County, as requested by the local residents, and concurred in the recommendation.

The El Dorado special shoot will be held from October 25 to November 2, both dates inclusive, and 500 permits will be issued October 17, following the drawings in Coloma October16.

Adopted with minor changes the rules governing State waterfowl management areas, including a proposal that one area on Grizzly Island be set aside for escorted minors to the age of 16, on non-waterfowl shoot days—if arrangements can be completed before the coming season opens.

Application of the Humble Oil company for a continuance of seismic offshore oil exploration between the eastern limits of Santa Barbara and the north limits of Oceanside, San Diego County, was granted for the period September 22 to December 22, subject to full agency control.

The Commission also voted to raise the seismic exploration permit fee from $400 to $600 per month.

The fish and game body laid over until the November meeting a decision on the request of a Los Angeles sea food dealer for adoption of regulations covering the importation of Mexican lobsters.

Twenty-five-year service certificates were awarded by Commission President Paul Denny to Carleton Rogers, fish hatchery foreman at the Black Rock Rearing Ponds, who started with the agency in 1927; and William I. Bay, fish hatcheryman at the new Fish Springs hatchery, who also dates his State service back to 1927.

The Commission will hold its next meeting in San Francisco October 16.

California's migratory waterfowl hunting starts at noon October 24 and will run for a stranght 70-day period, closing on New Year's Day, 1953, the State Department of Fish and Game announced this week.

Federal regulations covering California's section of the Pacific Flyway, and concurred in by the State Fish and Game Commission, are as follows:

Shooting times for ducks, geese, black sea brant and coot (mudhens) will be one-half hour before sunrise to one hour before sunset, except on opening day, October 24, when shooting will start at noon.

Daily bag and possession limits on ducks is six, to which may be added two widgeons (baldpates) or two pintails or one of each per day, or in possession. Bag and possession limit may include one wood duck only.

For geese, daily bag and possession limit is six geese including in such limit not more than two birds of the dark species—the common Canada and subspecies, white-fronted, Tule, blue and Emperor geese.

Brant (black sea brant only): daily bag and possession limit is three. Coot (mudhens): daily bag and possession limit is 15.

American and red-breasted mergansers: daily bag limit is 25 singly or in the aggregate of both kinds. No possession limit after opening day.

Los Angeles—At its September 19 meeting here the California Fish and Game Commission adopted a policy affecting all employees within the Fish and Game Department.

The new rule, moved by Commissioner Lee F. Payne and unanimously adopted, states "It shall be the policy of this Commission that whenever there is a vacancy with in the Department of Fish and Game offering an opportunity for advancement, that position shall be filled from within the ranks of the Department."

## JEFF 20s, 30s WIN SEASON OPENERS

Jefferson High's lightweight basketballers started off the season in good form last week in their initial encounter, taking a double header from the Tamalpais teams.

The 20s, with Forward Bill Storch's 10 point effort leading the way, downed the opposition 21-17. Their diminutive brothers, the 10s, won by the almost identical score of 20-17.

Dickie Kalinin, a forward, racked up eight points to lead the 10s.

Scoring in the 20 game were Storch, Forward John Marshall, 2, Center Richard Rodriguez, 4, Guards Cliff Lawson, 2, Darrell Chapman, 2, George Rancatore, 1. Kent Duncan spelled Rodriguez at the pivot spot during the game and proved a comer.

Those who made the tally book for the 10s were: Kalinin, Forward Ron Anguillo, 2, Center Larry Kennedy, 1, Guards Lenny Hinterman, 3, Ray Villmainroy, 4, George Miller, 2.

Others who saw action in the contest were: Duane Soares, Gary Galli, Andy Ruelas and Wayne Flansberg.

GETTING DOWN TO BRASS TACKS are these Jefferson gridders. Here a flock of Indians swarmed the receiver before he had a chance to eat up much yardage in punt receiving practice held Friday. The Jeffs went through rigorous workouts this week in preparation for their encounter with Mountain View this afternoon. The team from down south took the local squad to task last year, 27-16.

## JEFFS PLAY TODAY

### Mt. View Team Boasts Lineup That Downed Indians Last Year, 27-16

Jefferson High's gridders open the 1952 season today at 3:15 p.m. here today against a strong Mt. View team that is packed with last year's regulars.

Coach Joe McGrath will send his eleven in minus the services of three first string performers. Bill Allen, right end, has been out of school with illness for a week, and Vic Irons, right tackle, has a bruised hip. Regular right guard Jack Thur is out with a bad knee.

McGrath yesterday announced probable starting lineup for today's encounter: Jim Minor, left end; Joe Earnshaw, left tackle; John Wiesner, left guard; Jack Madden, center; Jim Holt, right tackle, Ron Wright, right guard; Mike Cloonan, right end; Ray Rosa, quarter back; Omar Grimes or Mario Leveroni, left half; Nick Bockwinkel, full back; Wally Honeywell, right half.

The Jeffs were downed 27-16 by the Mt. View squad last year and McGrath reports that the SCVAL team has nearly the same roster.

The local team will operate from the T formation this year under McGrath because of his light backfield.

### *San Mateo Gridders Meet Costa Mesa*

San Mateo Junior College gridders and coaches will fly south to Costa Mesa Saturday for a game with the Orange Coast College eleven. The Mateans opened their season with a 39-13 loss to the powerful Long Beach squad last Friday night at Burlingame. An experienced eleven, champions of the Metropolitan conference, Long Beach had played two games already and was too advanced for San Mateo, although the Mateans fought to a 13-13 tie at the half.

## Jeff Lightweights Each Lose A Pair

Jefferson's 10 and 20 basketball teams suffered two losses apiece in practice games this week.

Meeting Washington high Tuesday, the 10s were edged out, 24 to 21, while the 20s were losing, 32 to 28.

Against Lincoln Wednesday the 10s were beaten, 21-17, and the 20s got trompled under a 32-32 score.

The local lightweight squads play their initial league game Thursday here against Half Moon Bay.

Shooting hours: one-half hour before sunrise to one-half hour after sunset.

BEARS—Open throughout the State until December 31. Bag limit: 2 bears per season.
Dland glimittyotni

JACK RABBITS — Statewide open season until December 31. No bag limit.

BRUSH AND COTTONTAIL RABBITS—Open season in districts 3, 3½, 4, 4⅛, 4½, 4¾, 22 and Marin, Sonoma, Mendocino, Humboldt and Del Norte counties; November 22 to December 15 in District 1¾; November 22 and December 31 elsewhere. Bag and possession limit: 4 per day.

DOVES — Ends September 30. Imperial only county in which white wings may be taken. Daily bag and possession limit: 10. Shooting hours: one-half hour before sunrise to sunset.

PIGEONS—September 16 to 30, and December 17 to 31. Statewide. Daily bag and possession limit, six per day and six in possession. Shooting hours: one-half hour before sunrise to sunset.

TROUT — No closed season in Colorado River Area. Ends October 31 elsewhere. Bag and possession limits: 15 trout, salmon or whitefish, or combination; 10 in Colorado River Area.

BLACK BASS, SUNFISH, CRAPPIE, SACRAMENTO PERCH — Bag limits: 5 black bass, 25 sunfish, crappie, perch combined. Local exceptions.

## Stanford Hannah Heads Local Lions' California-Nevada Speaking Contest

The annual 1952-1953 California-Nevada Lions Student Speakers Contest is underway, with Stanford Hannah, of the local club, in charge. The topic this year is MAN'S SEARCH FOR SECURITY. Arrangements have been made for the participation of students from the Jefferson Union High School. Miss Eunice Seaton has been appointed as the official coach.

A $1500 cash scholarship is offered to the ultimate winner at the District Summer Conference in May, when all finalists are to be presented with typewriters of current model and standard make. The Fred W. Smith travelling trophy is also presented to the winning high school annually. To date, high schools possessing this trophy have been: Modesto, Ontario, Anaheim, Tulare, Sunnyvale, Huntington Park, Notre Dame (San Francisco), Boulder City, San Rafeal, Las Vegas, Glendale, Dorsey (Los Angeles), Bakersfield, and San Jose.

It is estimated that 16,000 students participate annually in the initial stages of the Lions Student Speakers for Democracy Contest, since many schools submit the topic for essay work to the entire enrollment of their sociology and English classes. Because the subjects presented deal with problems vital to the survival of the United States as a free nation, it is believed that participation in the Contest, even on the lower levels, constitutes invaluable training for future democratic leadership. In the course of the contest, the high schools of two states are carefully combed for talent.

It is expected that the local contest will be held at a date to be selected before the Christmas holidays. Prior to this event, a $2000 technicolor film, showing the 1950 finalists in action at San Diego, with State Superintendent of Schools Simpson awarding the first prize check, will be shown locally.

### *Two San Francisco Women Injured When Small Car Collides With Truck On Alemany Boulevard*

When a 10-ton truck comes in abrupt contact with a light English-style car the best is not to be expected.

Two San Francisco women, Jessie A. Bunnell, and Celeste Delaney, found this out Saturday when their small auto hit a truck at Alemany boulevard extension and Skyline drive.

They suffered injuries in the accident which occurred when the car, driven by Mrs. Bunnell, hit the rear tires of the truck as the larger vehicle was turning left.

Driver of the truck, owned by Henry Doelger company, was David E. Wilson, 26, of San Francisco.

## Homes by Sterling Take Bowling Lead

### *Delucca Bowls High Individual Game, Series*

Undisputed leadership in the Daly City-Colma Bowling league was taken this week by Homes by Sterling, who now boast seven wins against two losses.

The leaders also bowled high team game of 947 in Tuesday night's competition. Second in this category were the Daly City Lions with a 905 team series.

Babe Delucca, bowling for Central Club, racked up both high individual game and series, with scores of 222 and 559 respectively.

Second for high individual series was Theater Grill's Paul Pupora with a 220.

Tom Laramie, Daly City Lions, hit a 549 individual series, good enough for second in that category.

Thus far this season high individual game is claimed by Herm Kalinin, who bowls for Theater Grill, and has a score of 230.

Standings to date are:

| Team | W | L |
|---|---|---|
| Homes by Sterling | 7 | 2 |
| Daly City Lions | 6 | 3 |
| King's Market | 6 | 3 |
| Central Club | 6 | 3 |

### *SARTO BALL CLUBS PLAY THIS SUNDAY*

Two of Joe Sarto's ball clubs will play in games this Sunday beginning at 2 p.m.

The Sarto Reds, AA league team composed mainly of local high school youths, will meet Fiel Radio at Marchbanks park. All of their games will be played Sundays at the park.

The Sarto Athletic club made up of a host of baseball luminaries from the big leagues, will vie with Moffet-Manteca at San Bruno City park, where all their games will be held.

## SF Gators Smash Pepperdine Team

Coach Joe Verducci's San Francisco State Gators, though hampered by fumbles for the first 29 minutes, hit via the airlines for three touchdowns Friday night to defeat a under-rated Pepperdine team, 21-0.

During the early going the Pepperdine Waves managed to keep out of trouble by picking off three San Francisco fumbles.

In the last 55 seconds of the first half, Maury Duncan, State quarterback, fired from his own 15-yard line to John O'Shea. O'Shea took the ball on the Waves' 30 and made it all the way to paydirt. Duncan's pass travelled 55 yards in the air.

After taking the third quarter kickoff the Gators drove for 57 yards in eight plays to rack up the second score. Duncan tossed 29 yards to Al Endriss in the end zone for the six points.

Later in the third quarter, the Gators marched 75 yards in 11 plays to wrap up the final score. Fro mthe Pepperdine 33, Duncan fired a five-yard jump pass to end Merrill Jacobs, who scored easily.

*Lions Are Impressive*

## Recreation Department Six-Man Grid Season Opens At Marchbanks Park

The Recreation Department football season opened last Saturday at Marchbanks Playground with four thrilled packed games.

The surprising Our Lady of Perpetual Help Lions appear to be the class of the A League closely followed by the Colma Bulldogs and the Colma Panthers. The Colma Giants need help but may surprise a few of the big boys in the weeks to come.

The passing of Gary Martinelli and the receiving of Lee Casentinni and Bob Nunes was responsible for the 20-2 score in the Lion-Panther game. Hank Johnson, George Rocchi and Bobby Brandt put on a colorful show but were unable to cross their opponents goal line.

The Colma Bulldogs sparked by Dan Rasmussen powered over the weak Giants who were depending upon the arm of Billy McGee. Rasmussen passes to Bob Gieseker, Carl Micchi and Jim Hawthorne started the scoring. Two punt runbacks, one by Rasmussen and one by Ronald Davis added to the total. Final score, 27-0.

The O.L.P.H. Rams made it a clean sweep over the Colma Wildcats in a 20-9 B League win. Passes from Billy Bricker to Anthony Stagnero led the Rams to their victory over the Colma Wildcats. Phil Green, Kit Leslie and Gary Huston of the Wildcats played excellent games but were a little weak on pass defense.

The Colma Eagles and the Colma Mustangs battled evenly until Larry Caratli of the Eagles hit Reuben Martinez and James Wilson with his passes. Wayne Guisti of the Mustangs played a good game, but will need more help when the Mustangs meet the Rams.

## GATORS TO HOST WHITTIER COLLEGE

### *Poets Win First Test; Run Off Single Wing*

San Francisco State, one down and eight to go in what is hoped will be the best football season in history, hosts Whittier College Friday night at Cox Stadium. The Stadium is one the new campus, at 19th and Holloway.

The Poets, frequent champions of the Southern Conference, downed Santa Barbara College, 7-6, in the opener, while San Francisco State was turning back Pepperdine College of Los Angeles, 21-0.

Whittier runs off the single wing and the Poets have an outstanding tailback to lead the attack. Left half Ray Dezember, a 160 pounder, does most of his team's passing and a good portion of the wide running. Fullback Gordon Siemens handles the bucking for the Poets.

Whittier is one of the few teams to defeat State under Coach Joe Verducci's command. The Poets trounced San Francisco, 41-20, in 1950. The Gators squared the books in 1951, 26-6, and this one should settle the issue.

Coach Verducci was impressed last week by a pair of new running stars—freshman Bob Lualhati, a track man, bolted for one 26 yard touchdown which was called back. Storm, a reserve QB who shifted because of the injury to Johnny Fortson, led all ground gainers with 75 yards in 10 carries.

## VERDUCCI SEES VICTORY OVER WHITTIER TEAM

**Coach Joe Verducci today predicted a win for his S.F. Staters over the Whittier college poets tonight.**

**He said their manpower is about the same as last year, when the Gators beat them, 26-6. However, he pointed out, last year their new coach, George Allen, who hailed from Michigan, had to work with unfamiliar material. "With two years under Allen they might be a lot stronger," Verducci said.**

**He pointed out that most of the Gators have returned and for that reason he predicted the win. "It will be tougher than Pepperdine, but we should come out all right," the coach commented.**

## RESOLUTION NO. 1667

CALLING A SPECIAL ELECTION IN THE CITY OF DALY CITY FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF THE CITY THE PROPOSITION OF ISSUING REVENUE BONDS UNDER THE SANITATION, SEWER AND WATER REVENUE BOND LAW OF 1941 TO PROVIDE FUNDS FOR THE ACQUISITION, CONSTRUCTION, IMPROVING AND FINANCING OF A CERTAIN WATER SUPPLY, STORAGE, AND DISTRIBUTION ENTERPRISE, DECLARING THE ESTIMATED COST OF THE ENTERPRISE, THE PRINCIPAL AMOUNT OF THE BONDS AND THE MAXIMUM RATE OF INTEREST TO BE PAID THEREON; PROVIDING FOR THE CONSOLIDATION OF THE ELECTION WITH A SPECIAL MUNICIPAL ELECTION, AND PROVIDING FOR NOTICE THEREOF.

WATER PROJECT

RESOLVED, by the City Council of the City of Daly City, San Mateo County, California, as follows:

1. A special municipal election is hereby called and ordered and will be held in the City of Daly City on Tuesday, the 28th day of October, 1952, at which election shall be submitted to the qualified voters the proposition of issuing revenue bonds pursuant to the Sanitation, Sewer and Water Revenue Bond Law of 1941 of the State of California, for the purpose of providing funds for the objects and purposes set forth in the following proposition, to-wit:

**PROPOSITION: 3**
**(Water Facilities)**
Shall the City of Daly City issue revenue bonds in the principal amount of $390,000, for the acquisition, construction, improving and financing of an enterprise; including expenses incidental thereto, said enterprise to consist of additions, extensions and improvements to the city water system, including all parts of the enterprise, all appurtenances thereto, and land, easements, water supply, storage and distribution facilities and equipment, pursuant to the Sanitation, Sewer and Water Revenue Bond Law of 1941?

2. The estimated cost of the acquisition, construction, improving and financing of the enterprise, and the expenses incidental thereto, as set forth in the proposition, is the sum of $390,000.

3. The principal amount of the bonds to be issued therefor is $390,000 and the rate of interest to be paid on the bonds shall not exceed five per cent (5%) per annum, payable semi-annually.

4. The Council does hereby submit to the qualified voters of the City, at the special municipal election, this resolution and the proposition set forth in Section 1 hereof. The Council proposes to issue and sell revenue bonds of the City in the amount and for the objects and purposes specified in the proposition if a majority of all the voters voting on the proposition vote in favor thereof.

5. The bonds, including the interest thereon, shall be a special obligation of the City, payable exclusively from and secured by the revenue of the enterprise, and shall not be secured by the taxing power of the City, and the City and its officers shall not be under any obligation to pay same excepting from said revenues.

6. All of the bonds of this series are equally and ratably secured without priority by reason of number, sale, execution or delivery, by a lien upon the revenues herein pledged to the payment thereof.

7. The said special municipal election shall be held and conducted, the votes thereof canvassed, the returns thereof made, and result thereof ascertained and determined as herein provided; and in all other particulars not prescribed by this resolution the election shall be held and the votes canvassed pursuant to law for general municipal elections in the City.

8. The said special municipal election is hereby consolidated with the special municipal election which will be held within the City, on Tuesday, the 28th day of October, 1952. The special municipal election hereby called shall be held in the manner provided for the special municipal election with which it is consolidated, and the precincts, polling places, and officers of election shall be the same as those set forth in Ordinance No. 363, An Ordinance Calling a Special Election in the City of Daly City for the Purpose of Submitting to the Electors of Said City Two Proposition of Incurring Bonded Indebtednesses of said City for the Acquisition and Construction and Completion of Certain Municipal Improvements; Declaring the Estimated Costs of said Municipal Improvements, the Amounts of the Principal of said Indebtednesses to be Incurred therefor, and the Maximum Rate of Interest to be Paid Thereon; Fixing the Date of said Election, the Manner of Holding the same and Providing for Notice Thereof, adopted by the City Council on September 24, 1952.

9. The elections hereby consolidated shall be held in all respects as if there were only one election and only one form of ballot shall be used.

10. All persons qualified to vote at the special municipal election called by said Ordinance No. 363 shall be qualified to vote upon the proposition submitted at the special municipal election hereby called.

11. Ballots for the election shall be provided of the form and to the number provided by law. On the ballots, in addition to any other printed matter which may be required by law, two voting squares shall be set off to the right of the proposition submitted at the election and set forth in Section 1 of this resolution, one having the word "YES" printed before it and the other having the word "NO" printed before it.

12. Each voter to vote for the proposition and for the issuance of the bonds shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of the proposition, and to vote against the proposition and against the issuance of the bonds, shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of the proposition.

13. The polls shall be opened at 7:00 o'clock A.M. of the day of the election and shall be kept open until 7:00 o'clock P.M. of the same day, when the polls shall be closed, except as to voters in line as provided in Section 5734 of the Elections Code.

14. This resolution shall be published once a week for two successive weeks in the Daly City Record, a newspaper of general circulation, printed and published less than six days a week in said City, and such publication shall constitute notice of said election. No other notice of the election hereby called need be given.

I hereby certify that the foregoing resolution was duly and regularly adopted and passed by the City Council of the City of Daly City, California, at a regular meeting thereof held on the 24th day of September, 1952, by the following vote of the members thereof:

AYES, and in favor thereof, Councilmen: Dennis, Green, Kennedy, Gaggero.
NOES, Councilmen: None
ABSENT, Councilmen: Verducci

## Ordinance No. 363

AN ORDINANCE CALLING A SPECIAL ELECTION IN THE CITY OF DALY CITY FOR THE PURPOSE OF SUBMITTING TO THE ELECTORS OF SAID CITY TWO PROPOSITIONS OF INCURRING BONDED INDEBTEDNESS OF SAID CITY FOR THE ACQUISITION AND CONSTRUCTION AND COMPLETION OF CERTAIN MUNICIPAL IMPROVEMENTS; DECLARING THE ESTIMATED COSTS OF SAID MUNICIPAL IMPROVEMENTS, THE AMOUNTS OF THE PRINCIPAL OF SAID INDEBTEDNESS TO BE INCURRED THEREFOR, AND THE MAXIMUM RATE OF INTEREST TO BE PAID THEREON; FIXING THE DATE OF SAID ELECTION, THE MANNER OF HOLDING THE SAME AND PROVIDING FOR NOTICE THEREOF.

The City Council of the City of Daly City does ordain as follows:

WHEREAS, the City Council of the City of Daly City, by resolution passed and adopted at a regular meeting of said Council on the 8th day of September, 1952, by the affirmative vote of more than two-thirds of all of its members, did determine that the public interest and necessity demanded the acquisition, construction and completion of the municipal improvements hereinafter mentioned, and did further determine that the costs of each of said proposed municipal improvements will be too great to be paid out of the ordinary annual income and revenue of said City, which resolution was duly entered in the minutes of said meeting of said Council and is now on file and on record in the office of the City Clerk of said City;

NOW, THEREFORE, IT IS ORDERED, as follows:

Sec. 1. That a special municipal election be, and is hereby called and ordered and will be held in the City of Daly City on Tuesday, the 28th day of October, 1952, at which election shall be submitted to the qualified electors of said City the questions of incurring two bonded indebtednesses by said City for the objects and purposes set for in the following Propositions, to-wit:

**PROPOSITION NO. 1**
**(Recreation Building)**
Shall the City of Daly City incur a bonded indebtedness in the principal amount of $160,000.00 in accordance with the provisions of the Ordinance Calling the Election at which this Proposition is submitted, for the object and purpose of acquiring and constructing and completing or acquiring or constructing and completing the following municipal improvements, to-wit: A combined war memorial auditorium, recreation and gymnasium building and the furniture, furnishings, apparatus and equipment therefor and by doing such other incidental work and acquisitions as may be necessary to complete same?

**PROPOSITION NO. 2**
**(Fire Protection)**
Shall the City of Daly City incur a bonded indebtedness in the principal amount of $173,500.00 in accordance with the provisions of the Ordinance Calling the Election at which this Proposition is submitted, for the object and purpose of acquiring and constructing and completing or acquiring or constructing and completing the folowing municipal improvements, to-wit: A fire house, Numbered 3, and equipment, furniture, furnishings and apparatus therefor; and the acquisition and construction and completion of equipment, apparatus, furniture and furnishing for Fire House Number 2, and for Fire House Number 4; and the acquisition of lands, equipment and apparatus therefor necessary to complete all of the hereinabove referred to Fire Houses, and the construction and completion and extension of the fire alarm system throughout the City of Daly City, California, and by doing such other incidental work and acquisitions as may be necessary to complete all the above?

Sec. 2. That the estimated cost of the municipal improvements as set forth in Proposition No. 1 is the sum of $160,000.00, and as set forth in Proposition No. 2 is the sum of $173,500.00, and the amount of the indebtedness proposed to be incurred for the municipal improvements described in Proposition No. 1 is the sum of $160,000.00, and for the municipal improvements described in Proposition No. 2 is the sum of $173,500.00.

Sec. 3. That said Council does hereby submit to the qualified electors of said City of Daly City at said special municipal election this ordinance and the said Propositions set forth in Section 1 of this Ordinance. The said Council proposes to issue and sell bonds of said City of Daly City in the amount and for the objects and purposes specified in said Propositions if two-thirds of the qualified electors voting on such propositions at said special municipal election shall vote in favor of said Propositions.

# Dedication Ceremonies For San Francisco Planetarium Set for Thursday, Nov. 6

The Alexander F. Morrison Planetarium in Golden Gate Park, San Francisco, will hold its first public performance at 2 p.m. Friday, November 7. This was announced today by Dr. Robert C. Miller, director, California Academy of Sciences.

Dedication ceremonies will be attended on November 6 by special guests and officials from civic organizations and the Academy, it was announced.

All of the mechanical work is done on the Academy projector, and it is now in the final stages of assembly and adjustment in the planetarium chamber. The opening performance will represent the culmination of almost five years of painstaking work. The Academy projector, which was built in the Optical Shop at the California Academy of Sciences at a cost of more than a hundred thousand dollars, is the first full scale planetarium projector ever constructed in America.

Except for a few pioneer efforts at star and planet projectors, all of the world's planetariums, as we know them today, use projectors which were built by the Carl Zeiss Company, Jena, Germany. Jena is now in the Russian zone.

San Francisco will be the seventh city in the United States to possess a major planetarium, and California will have the distinction of being the only state with two. The first U. S. planetarium, the Adler, was built in 1930 at Chicago. Four others were built prior to World War II: Philadelphia, 1933; Los Angeles and New York, 1935; and Pittsburgh, 1939. Using a Zeiss projector purchased in Sweden, a sixth planetarium was built at Chapel Hill, North Carolina, in 1949.

Construction on the Morrison Planetarium began in July, 1948, under the supervision of Dr. G. Dallas Hanna, a versatile scientist who is both an outstanding optics expert and a distinguished paleontologist. In building the Academy projector, Dr. Hanna and his staff incorporated a number of improvements in design with special mechanical and electrical techniques that grew out of research conducted during World War II.

Two outstanding improvements are that the projector can be operated automatically and that it projects more realistic star images.

The Academy instrument contains some 25,000 mechanical parts, most of which were designed and machined in the Academy shop. Within it are 141 separate optical systems made up of 321 lenses, and threading through the projector and its control board are four miles of wire. The projector is as delicately balanced and precise in its movements as a fine watch, yet it weighs approximately 5000 pounds.

Housing the projector is a circular theater seating 450 persons. Overhead is an aluminum dome some 65 feet in diameter onto which the instrument projects the images of the sun and moon and all of the planets and stars that are easily visible to the unaided eye. These include approximately 3800 stars and the five planets, Mercury, Venus, Mars, Jupiter and Saturn.

Within an hour, an audience in Morrison Planetarium can see changes in the appearance of the sky that could be seen only by centuries of actual observation.

In a typical show viewers will see the daily motions of the heavens, the annual motions of the planets as they journey eastward through the constellations, and the changing aspect of the sky as would be seen if one moved from pole to pole. In addition to special effects such as eclipses, the Milky Way, variable stars, meteors and comets, the audience can break free from the bonds of time and look backward or forward through the centuries. To do this the projector re-creates a change in the appearance of the sky that is caused by the earth wobbling like a top once in about 26,000 years.

As Dr. Miller, head of the Academy of Sciences, points out, the planetarium is a teaching rather than a research facility. It will enable the Academy to meet more fully one of its highest aims—the explanation of science to the public.

Program topics, show times, and a schedule of admission charges for Morrison Planetarium will be announced at a later date, Dr. Miller said.

# Pair Injured Here In Auto Accident

A Navy Chief and a San Francisco bartender were seriously injured here last weekend in a two-car accident on Mission street.

Injured were Sidney A. Barrett, 45, USN, and Robert B. Taylor, 30, a bartender. Both were unconscious for 12 hours following the wreck, police reported.

Both were taken to Junipero Serra hospital and later Barrett was transferred to Oak Knoll hospital, where he is reported to be in good condition at present. Taylor is still confined at Junipero Serra but the hospital reports he is doing well.

Taylor suffered multiple cuts and bruises, a possible fractured knee and severe dental injuries, while Barrett received concussion and fracture of the jaw, authorities report.

According to police, the accident apparently occurred when either the Barrett or the Taylor car went out of control in the 6700 block on Mission street and the two collided.

# Youthful Car Thief Is Captured Here

A youthful thief led Daly City Police Sergeant Ricco Bennedetti a merry chase last Thursday night.

Bennedetti had been watching a suspicious looking car parked in Crocker Hills. Before long he noticed a juvenile approaching the car.

He was escorting the 16-year-old youth to the local station but the youngster didn't like the idea. He took off on foot down Mission street, but was recaptured shortly by Bennedetti, after a stuggle.

Investigation showed that the juvenile was wanted in San Francisco for car theft and was an escapee for the Youth Guidance Center.

## TENANT ASKS FOR JURY TRIAL; SET FOR OCT. 1

L. V. Roberts pleaded innocent in criminal-traffic court yesterday to charges that he is maintaining a public nuisance, a fire hazard and an unsanitary dwelling at 96 Mission Circle here.

He asked for a jury trial and the date set is Oct. 21 at 10 a.m. at the local court.

# WESTLAKE AREA RESIDENTS WITHOUT WATER 2 HOURS AFTER MAIN BREAKS

The second break of a water main in a period of three months occurred at Westlake last weekend, cutting off water service in hundreds of homes there.

Dwellers in the Westlake area went without water until firemen were summoned and placed hose lines on one water system and connected it to the effected system beyond the break.

Municipal water crews were also called into action after the break, which spurted thousands of gallons of water into the air, washing mud and silt down the street. The break occurred in a transit main in a vacant lot, apparently from earth slippage.

After the damaged system was connected with another, hoses were placed on a hydrant at the corner of Fieldcrest drive and Lake avenue and run a half-block down to a second hydrant on the other water system.

Water coming through the temporary hose lines furnished water to the area until the break was repaired later in the afternoon. Homes were completely without water for two hours Friday night following the break.

The break, according to water department officials, occurred in a line carrying 140 pounds pressure on Wilshire court shortly after 8 p.m.

# Board of Trustees Discusses Policies

A long agenda was considered by the Jefferson Elementary School district Board of Trustees at their regular monthly meeting last Thursday.

Top item during the evening was the selection of a steering committee to form policies for progress in education in the district.

Chairman of this group will be Fred Schweikhardt. Assisting him will be Louvine Bostwick, coordinator of curriculum, Marie Traynor, principal of Jefferson school, Muriel Vint, coordinator of music, and Elizabeth Kennedy, principal of Crocker school.

The matter of surplus district school property was also discussed and it was decided that little used or unneeded equipment and supplies could be sold if designated as surplus by the board.

Board policies and staff organization also came up for consideration, as did the matter of community library needs and the school's part in library service to the community.

Trustees also authorized the advertising of bids for the purchase of an aditional school bus and discussed the present bus schedule.

It was announced this week that future meetings of the board would be held at the administrative building, 344 Santa Barbara avenue, rather than at the Woodrow Wilson School site.

# Figures Released For Community Center Work Costs

A breakdown of costs for completion of the Memorial Community Center building was released yesterday from the office of City Administrator Dan Andersen.

Largest single expenditure, $39,000 will go for plumbing, heating and ventilating. Next on the list is concrete, for which an estimated $13,000 will be spent out of the total of $160,000 needed to complete the center.

The total estimate will not include furnishings such as chairs since they are not considered as items of equipment attached to the building.

The basic cost for finishing the building is $142,420, with such items as architect's fee, $11,393, cost of landscaping, $5000, and contingencies, $1187, making up the remainder.

Breakdown for other basic costs are:

Preliminary, $2500; earthwork, loam, etc., $3700; forms, $7300; reinforcing steel, $1300; miscelaneous metals, $100; rough carpentry, $5500; millwork, $6900; folding doors, $200; flag pole, $350; plastering, $7300; glass, $400; metal partitions, $2100; floor covering, $1400; painting, $7200; finish hardware, $3100; kitchen equipment, $3800; gymnasium bleachers, $4200; steel lockers, $750; gymnasium equipment, $3400; stage equipment and drapes, $6400; electrical work, $6500.

## THIEF'S EFFORTS NIL

**After thoroughly ransacking the home of James Chaffey, 354 Niantic avenue, last week, a thief departed without reward for his efforts.**

**Chaffey reported that his home had been broken into, apparently through the rear door leading to the kitchen, which had been pried open, and all the drawers had been searched.**

**The thief, perhaps seeking honors as the meanest of his profession, even pried the penny bank in the bedroom open. Chaffey said, however, not a thing had been taken.**

# AROUND THE AREA

### Double Grief

Long Beach City college's football team won the grid contest last weekend against San Mateo Junior college, 39-13, but their locker room was the scene of a loss.

Over half the Long Beach squad reported losses from $48 to $4 apiece.

The locker room intruder, police reported, forced open lockers in the visitors' locker room with a quarter-inch screwdriver while the game was in progress.

The burglary was reported shortly before midnight by the Long Beach coach, Buck Andreasen, who was notified by team members their money had been taken.

### Policeman Dies

The heroic San Francisco policeman who shot it out with a holdup man last week died last weekend.

The Officer, Robert Edward Walters, 39, was shot twice in the stomach and once in the arm in a battle in front of the Monadnock building on Market street.

Although mortally wounded, he turned his own gun on the holdup suspect he was chasing, Boyd A. Van Winkle, 26, a San Quentin prison parolee, and stopped him.

Van Winkle probably will be paralyzed from the hips down, doctors said, but officials revealed a first degree murder charge would be filed against him.

### Fishing Vessel Sinks

One San Franciscan was dead and two were presumed so following the ramming of a small 36-foot fishing vessel by a 9000-ton Swedish motor vessel last week.

The smaller craft sunk 500 yards off Alcatraz island in San Francisco bay.

The Swedish ship, Los Angeles, hit the fishing boat, Turtle, and threw the five passengers aboard the lighter boat into the bay.

Mrs. Harodline Jones, 29, died in the crash and Mr. and Mrs. Harold Dwyer were missing and believed dead after an intensive Coast Guard search.

### Cop-Hater Located

Cop-hating escaped convict Milton E. Winchell, who made a vow to "get" Millbrae Police Chief Larry Pickett and San Bruno Police Lieutenant Russell Cunningham, was picked up and released in Salt Lake City last week, it was learned in San Bruno this week.

Winchell, who escaped from a San Quentin forestry road camp Aug. 25, was reportedly picked up by Salt Lake City police. He was given 30 days to get out of town by authorities who did not ascertain his identity. Fingerprints taken at the time, however, have since identified him.

Winchell had been convicted of attempted murder in 1946 after he shot Lieutenant Cunningham and in return was wounded by Pickett.

### DEER SEASON STARTS BIG

Deer season got off to a good start last week in the Kettle Rock area of Plumas County, according to the National Automobile Club. Many bucks have been bagged and they are in good condition.
